

Velocity Ventures Annual Investor Meeting Highlights

We are excited to share the key highlights from Velocity Ventures' Annual Investor Meeting (AIM 2025), where we brought together our valued investors from the Travel & Hospitality Fund I, alongside key stakeholders from across the industry. AIM 2025 was an exceptional opportunity to reflect on the growth of our portfolio, engage in thought-provoking discussions, and celebrate the collective achievements within the Travel & Hospitality sectors.

An Evening of Insight and Connection

This year's AIM event saw a distinguished group of attendees, including Travel & Hospitality Fund I investors, strategic advisors, corporate partners, founders, and industry thought leaders. The evening provided a platform for lively discussions on the latest trends, opportunities, and challenges shaping the industry. With everyone's input, we were able to examine the current state of the travel landscape while fostering connections that will continue to drive our shared vision forward.

Presenters included Velocity Ventures' leadership team and a selection of founders from our portfolio companies, each offering valuable insights into their respective areas of expertise. Presenters such as Hans Paul, CEO and Co-founder of Aigens, and Wassem Mohd, CEO of Feast. The key topics discussed centred around the dynamic shifts in the travel and hospitality sectors, touching on innovation, ESG, and the evolving expectations of today's travellers.

Themes of the Evening: Maintaining Capital Discipline and Unlocking Value

The focus of the evening was on understanding how the Travel & Hospitality industries are evolving and how our portfolio companies are positioned within that changing landscape. We heard from a variety of voices who reflected on the growing importance of customer-centric models, operational efficiency, and the role of technology in creating new pathways to enhance the travel experience.

As part of the broader conversation, investors and founders exchanged ideas about how these shifts could impact growth and investment strategies. Discussions highlighted how aligning financial goals with market trends and customer demands can help drive value creation.

Networking and Building Future Partnerships

In addition to the insightful presentations, AIM 2025 provided ample opportunity for networking and relationship-building. Investors and portfolio company founders engaged in thoughtful discussions about potential collaborations and partnership opportunities that would further support the growth of the companies in our portfolio.

For our stakeholders in the Travel & Hospitality sector, the event was an opportunity to connect with industry leaders and gain a broader perspective on the changing market dynamics. As we continue to build on these relationships, we remain committed to fostering a network that supports innovation and the pursuit of long-term, sustainable growth.

Reflections and Moving Forward

AIM 2025 reaffirmed the strength and vitality of the Travel & Hospitality Fund I and the broader Velocity Ventures ecosystem. The insights shared during the event reinforced our collective commitment to advancing the industries we serve and exploring new avenues for value creation. The evening underscored the importance of collaboration, adaptability, and a focus on the future, as we continue to work together to create meaningful opportunities for our investors, portfolio companies, and industry stakeholders.

Velocity Ventures is proud to partner with such a dynamic and innovative community, and we look forward to the continued success and growth of our portfolio. We are excited to remain at the forefront of the Travel & Hospitality sectors and to contribute to shaping the next chapter of these industries.

Thank you for your continued support, and we look forward to future collaborations and successes.

Warm Regards,

Stay ahead of the curve. [Subscribe](#) to our updates and join us as we explore the innovations shaping the future of Travel & Hospitality.
